President's Message

As I write this month's letter I am happy to announce that I can feel my fingers and toes after coming inside from work outdoors. During fall the weather can be so unpredictable; we have been extremely fortunate to have had temperatures as mild as they have been this autumn. Warmer weather has made the work of tucking in our retail trees, shrubs, and perennials for the winter so much more enjoyable than in years past. Yesterday we put up new plastic on one of our greenhouses, with the sun on our back, calm winds, and no gloves. I almost could say it was enjoyable. The long-term weather pattern looks promising as well for finishing fall cleanup; it's good to know we won't have to blow leaves in the snow (fingers crossed).

Speaking of weather - in case you missed our last meeting and George Lessen's presentation we can say that his on target forecast has been a bull's-eye!

Please join us for our next meeting November 11 at the Grand Haven

Community Center for Dr. Robert Schutzki's presentation.

We announced at the last meeting that we will be providing **FREE** lunch for all members who join us Nov. 11. The board members as well as I feel that along with the education opportunities offered at the meetings, a big part of their success is the chance to meet with like-minded green industry folks like yourselves. It is our hope to offer this **FREE** lunch to encourage an even larger attendance than usual and an even greater opportunity to network and meet with our friends in the industry. Please come and spread the word!
